

Welcome to 15th ECHEMS!

Molecular Electrochemistry in Complex Systems.

Join us in scenic Aspenäs Herrgård, near Gothenburg, for the 15th Meeting on Molecular Electrochemistry (ECHEMS)!

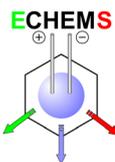

This year's conference will feature cutting-edge research presented by distinguished keynote speakers, along with insights into the latest developments in molecular electrochemistry through both oral and poster presentations from early-career and senior researchers.

When? 15-18 June 2026

Where? Aspenäs Herrgård, Seatons allé, SE-443 91 Lerum, Sweden

Early bird deadline: 31 January 2026

(final deadline for registraton: 12 April 2026)

Register at:
echems2026.se

Organizing Committee:

Associate Professor **Helena Lundberg**,
KTH Royal Institute of Technology, Board Member of ECHEMS
Assistant Professor **Alexander Giovannitti**,
Chalmers University of Technology
Professor **Sascha Ott**, Uppsala University

Anna Wuttig
University of Chicago

Alina Sekretareva
Uppsala University

Alastair Lennox
University of Bristol

Timothy Noël
University of Amsterdam

Julie Macpherson
University of Warwick

Johannes Röckl
AstraZeneca

Nicolas Plumeré
Tech. Univ. of Munich

Nicolas Kaefffer
University of Strasbourg
